

What's in my travel/med kit?

I bought this cute metal container at Target during Christmas and knew that it needed to become my travel/med kit

I keep it stocked with the following items so i can easily triage and handle most issues quickly.

Tools and protection:

- Gloves
- scissors, hemostats, dissection scissors
- needlenose pliers
- nail trimmer (Chi squeezable and traditional clippers)
- pipettes, thread, plastic zipties, dose cups
- toothbrush, distilled water, alcohol wipes

What's in my travel/med kit?

- B complex (liquid/drops)
- B complex with electrolytes (pill)
- Vaseline
- Gauze (rolls and pads)
- Vetwrap/Coban in orange, white and black
- Styptic powder (kwikstop)
- Silver Nitrate Caustic Sticks
- Neosporin/antibiotic ointment
- Silver honey (antimicrobial)
- Meloxicam (pills)
- Gel eye drops
- Terramycin
